# Sara Nagaty Shawky

Full Stack JavaScript Developer - Sara Nagaty Shawky

Phone 01212451294 | Email saranagaty41@gmail.com | LinkedIn https://linkedin.com/in/sara-nagaty-58ab42385 | Education Bachelor of Science in Computer Science | Location Gerga, Sohag, Egypt

Computer Science graduate with professional experience in web development since 2021 and a multidisciplinary background in full-stack development, web design, UI/UX, graphic design, e-commerce, AI integration, and digital automation. Experienced in collaborating with development teams, contributing to diverse software projects, adapting to changing technical responsibilities, and building digital solutions aligned with business requirements. Also experienced in programming instruction for learners aged 5–18, online sales, telesales, and online moderation. Strong problem-solving, analytical thinking, communication, and independent working skills, with a commitment to continuous learning and delivering practical, user-focused solutions.

## Education

### Faculty of Computers and Information, Thebes Academy

Computer Science • Bachelor of Science

- Bachelor of Science in Computer Science**
- Faculty of Computers and Information, Thebes Academy
- Graduation Year: 2025

## Work Experience

### TACTIC AGENCY / TACTIC TECH SOHAG

Web Designer / Web Development Professional

- Designed responsive web interfaces and user-friendly website layouts.
- Worked on digital projects based on client requirements and business objectives.
- Focused on usability, visual consistency, and responsive design.
- Applied web technologies to develop and improve digital experiences.

### JOUHARA CO.

Web Designer & Graphic Designer

- Designed website interfaces and digital experiences.
- Created graphic assets and marketing materials for digital channels.
- Supported visual communication and online brand presentation.
- Worked across web design and graphic design tasks according to project needs.

### xFuse

Full Stack Developer

- Collaborated with a development team on diverse software and web development projects.
- Took on different responsibilities across projects based on technical requirements and team priorities.
- Contributed to frontend and backend development tasks throughout the software development lifecycle.
- Supported security-related development tasks when required by project scope.
- Adapted to changing project roles and technical challenges, contributing wherever needed.

### Smart Center

Programming Instructor

- Delivered programming courses in C++, Python, and other programming technologies within my skill set.
- Taught learners aged 5–18, adapting teaching methods to different age groups and skill levels.
- Explained programming concepts through structured lessons and practical exercises.
- Helped learners develop logical thinking, computational skills, and problem-solving abilities.

- Adjusted learning activities to support different learning needs and levels of technical understanding.

### Additional Professional Experience

Online Sales & Telesales

- Communicated with potential customers, presented products and services, and supported sales activities.
- Applied customer communication, persuasion, and negotiation skills.
- Worked in online sales environments across different business fields.

### Additional Professional Experience

- Worked on a custom CRM solution developed for a company's specific business requirements.
- Contributed to a tailored digital workflow designed around the company's needs.
- Developed as a company project and is not currently available as a public portfolio demonstration.

### E-commerce Web Application

- Worked on e-commerce functionality and user-facing shopping experiences.
- Applied web development and interface design skills to support product presentation and online shopping workflows.

### AI-Powered Web Solutions

- Explored AI integration in web applications using API-based workflows.
- Worked with Claude API and automation concepts to support intelligent digital features.

### Educational Web Applications

- Worked on digital learning concepts and programming education projects.
- Applied technical knowledge to create learning-oriented web experiences.

## Skills

### Frontend Development

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux Toolkit, React Router, Tailwind CSS, Vite, Responsive Web Design

### Backend Development

Node.js, Express.js, RESTful APIs, API Integration, Axios, Handlebars

### Databases

MongoDB, PostgreSQL, SQL, Firebase, Supabase

### Programming Languages & Frameworks

JavaScript, TypeScript, Python, C++, C#, .NET Fundamentals

### Development Tools

Git, GitHub, Debugging, Technical Troubleshooting, Version Control

### UI/UX & Web Design

Figma, Wireframing, Prototyping, User Interface Design, User Experience Principles, Responsive Layouts

### Graphic Design

Adobe Photoshop, Adobe Illustrator, Social Media Graphics, Marketing Materials, Visual Content Design

### AI & Automation

Claude API, AI API Integration, Prompt Engineering Workflows, n8n Automation

**E-commerce**

Shopify, Amazon Marketplace, E-commerce Website Development, Online Store Interfaces, Product Presentation, Digital Shopping Experiences

**Video Editing**

Adobe Premiere Pro, CapCut

**Design & Digital Business Skills**

Figma: Very Good, Adobe Photoshop: Very Good, Adobe Illustrator: Very Good, Shopify: Intermediate, Amazon Marketplace: Beginner, Adobe Premiere Pro: Beginner, CapCut: Video Editing

**Soft Skills**

Analytical Thinking & Problem-Solving, Fast Learning & Adaptability, Client Communication & Relationship Management, Independent Work & Self-Management, Time Management & Meeting Deadlines, Teamwork & Collaboration, Attention to Detail & Accuracy, Creativity & Idea Generation, Persuasion & Sales Negotiation, Teaching & Knowledge Sharing, Working Under Pressure & Multitasking, Flexibility & Receptiveness to Feedback

## Languages

- Arabic — Native
- English — B2 (Upper-Intermediate)
